## **SUPPLEMENTAL DETAILED ACTION**

### ***Specification***

The abstract of the disclosure is objected to because it contains legal language, specifically "means" in line 6. Correction is required. See MPEP § 608.01(b).

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3-7, 13, 14, 17 and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recitation "and/or" in line 2 of claims 17 and 18 renders the claims indefinite since it is unclear whether the elements are to be included or not.

Similarly, the recitation "rotary/translational" in claim 13, line 4 is indefinite since it is unclear which type of motion is being claimed.

In claim 3, line 2 and in claim 4, line 1, the recitation "-like" renders the claims indefinite because the claim includes elements not actually disclosed (those encompassed by "-like"), thereby rendering the scope of the claim unascertainable. See MPEP § 2173.05(d).

Claims 5-7 and 14 are indefinite only in that they depend (directly or indirectly) from claims 3 and 14, respectively, which are indefinite.

***Claim Rejections - 35 USC § 102***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-9 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by German reference '522.

In so far as the claims can be understood in view of the indefiniteness problems noted above, and in view of the International Search Report, note Figures 1 and 2 and the disclosure in page 2, lines 54, 55 and the disclosure in page 2, lines 104-page 3, line 8.

Claims 1-9 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by German reference '030.

In so far as the claims can be understood in view of the indefiniteness problems noted above, and in view of the International Search Report, note Figures 1-3 and the disclosure in page 1, lines 1-9 and the disclosure in page 2, line 118-page 3, line 45.

Claims 1, 8, 9, 15, 17 and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by German reference '819.

In so far as the claims can be understood in view of the indefiniteness problems noted above, and in view of the International Search Report, note Figures 1-5 and the entire disclosure.

***Allowable Subject Matter***

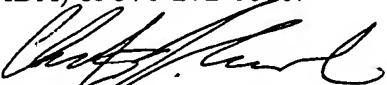

Claims 10-12 and 16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 13 and 14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
